

REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (Optional)
P99,1927 02

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number 6,324,353 B1, granted November 27, 2001, and for which a reissue patent is sought on the invention entitled DOCUMENT VERIFICATION AND TRACKING SYSTEM FOR PRINTED MATERIAL

the specification of which

☒ is attached hereto.

☐ was filed on _____ as reissue application number _____/_____
and was amended on _____
(If applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

This is a broadening reissue. Error upon which this reissue is based was the failure to more broadly claim the invention by presenting claims which were not limited to a recording carrier which is "continuous web-shaped", "continuous web-shape", or "web-shape". Newly added claims 49-96 are identical to the original claims 1-48 except for the language "continuous web-shaped", "continuous web-shape", or "web-shape" which is not present. Also, in original claims 19 and 21, an antecedent basis error was discovered which is now corrected by deleting "the" and "step" and inserting "a" before "testing".

[Page 1 of 3]

All errors corrected in this reissue application arose without any deceptive intention on the part of the applicants.

And I hereby appoint all Attorneys identified by the United States Patent & Trademark Office Customer Number 26574, who are all members of the firm of Schiff, Hardin & Waite, my attorneys with full power of substitution and revocation, to prosecute this application and to transact all business in the Patent and Trademark Office connected therewith and direct that all correspondence be forwarded to:

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon, or any patent to which this declaration is directed.
